

Please advise your patients that the Initial visit may take 3 to 4 Hours. This may include the need to obtain detailed History if it has not been performed prior to the office visit. Further testing may be required which will add to the time of the evaluation. Please advise your patients, so we can make their experience in our office pleasurable and comfortable.

In order to avoid delay in the office, our historian will call the patient prior to the office visit and obtain detailed history of the patient.
